

WELCOME TO:
MRS. SIMMONS 8TH GRADE
PHYSICAL SCIENCE

My name is Annette Simmons and this will be my third year at GSIC. I am excited about continuing my teaching career here and look forward to working with the students this year.

I earned my Bachelor Degree in Middle School Science from Brenau University.

In addition to my experience here at GSIC, I have also taught in a Richmond County Public School and in a Private School in Augusta.

I enjoy my seven grandchildren who participates in several sports in Columbia County: i.e. ; baseball, soccer, softball, and basketball.

So, if you are looking for me after school, you will probably find me at a ballfield.
